Dazzling Visual Book with an Exquisite Exact Replicas™ genuine mural reproduction of the Bull Leaping fresco of Knossos.

# EXACTREPLICAS™

## ALL THE DIFFERENCE IN THE WORLD

Seeking to replicate the ancient frescos with the utmost respect and fidelity our artists and engineers created the Exact Replicas™ process.

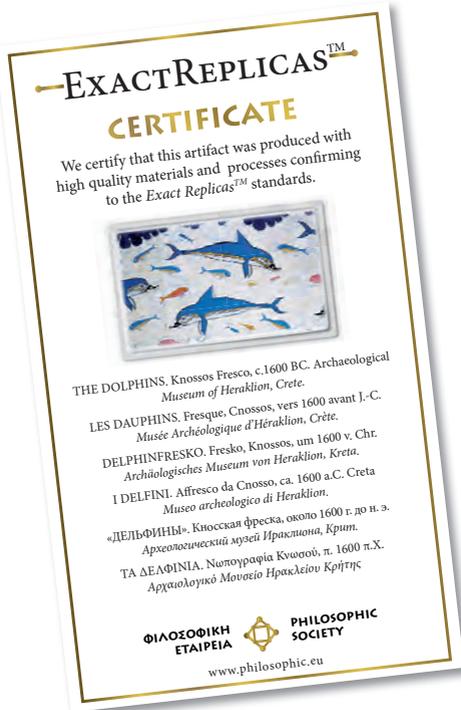

This brilliant solution uses modern day tools in an environmentally friendly process, using as substrate a genuine mural plate, made of the best modern day art plaster. The ancient art is digitally scanned with maximum resolution and is then printed by

a state-of-the-art Digital Flatbed UV Printer, using a wide gamut color base for maximum color fidelity.

While being printed with high quality inks, the substrate is treated with Ultra-Violet light microexposure, leading to instant polymerization of the inks. The result is a true reproduction with maximum fidelity to the original and exceptional durability, worthy of the name of Exact Replicas™. Exact Replicas™ is an innovative family of products seeking to provide copies of museum artifacts with maximum fidelity to the original and high durability, in environmentally friendly processes using the best reproduction technology available today. See more at [www.hshop.gr/exactreplicas/fresco](http://www.hshop.gr/exactreplicas/fresco).

All Exact Replicas™ artifacts are accompanied with a Certificate.

**The Philosophic Society** was founded with the mission to diffuse the Achievements, the Power, the Beauty and the Uniqueness of the Greek Civilization from antiquity to modern times to the widest possible public, introducing innovative products of all forms, by taking advantage of the latest enabling technologies. Based in Athens, Greece, Philosophic Society is home to a dedicated group of people with extensive backgrounds in Publishing, Art and Academia, driven by their love, admiration and knowledge of the essence of Greece through the eons.
